+251940131696

Addis Ababa, Ethiopia

PROFILE

Proficient in full-stack development using React, Node.js, and MongoDB, with hands-on experience building scalable systems. Certified in Cisco CCNA and Huawei HCIA-Datacom, with expertise in Linux administration, network configuration, and system automation. Passionate about delivering secure, efficient solutions in dynamic tech environments.

EDUCATION

Adama Science And Technology University
Software Engineering Bachelors
CGPA: 2.98

Adama, Ethiopia
July 2021- June 2025

EXPERIENCE

Bakos Technologies | FullStack Developer

Adama, Ethiopia |

July 2023- September 2023

- Participated in a 2 month internship at Bakos Technologies, gaining hands-on experience in full-stack web development. Utilized React JS for frontend and Node.js with Express for backend development, working on mini-tasks to enhance technical proficiency.
- Developed a Spotify clone project, applying skills in building dynamic, user-focused web applications.

Ozone Technology | Backend Developer

Addis Ababa, Ethiopia | July

2024- September 2024

- Served as a Full Stack Developer at Ozone Technology, contributing to the development of the Addis Ababa Elementary School Management System using React JS for the frontend and Node.js with Express for the backend, ensuring efficient management of school operations.
- Worked on a delivery app built with Flutter, leveraging Dart to create a cross-platform mobile application with a focus on seamless user experience and robust backend integration.
- Completed various mini-tasks to enhance technical skills, including developing APIs and optimizing system performance, while collaborating on projects like a Spotify clone to strengthen full-stack proficiency.

Golden Age Freelancing | Full Stack Developer (Contract)

Remote July 2025-

Present

- Architected and delivered 15+ custom, scalable full-stack web applications for clients across diverse sectors (e-commerce, SaaS, education) utilizing the MERN and MEAN stacks, consistently meeting project deadlines.
- Developed and maintained robust, secure RESTful APIs using Node.js and Python/Django, handling high-volume traffic and implementing OAuth 2.0 security protocols to ensure 100% data integrity.
- Led front-end development using modern frameworks (React/Next.js) to create intuitive, mobile-responsive user interfaces, resulting in a 25% documented increase in client site user engagement and conversion rates.

SKILL

- Programming Languages:** C++, C, GO, Java, Python, JavaScript, TypeScript
- Libraries/Frameworks:** React, Node.js, Express, Django, Bootstrap, GraphQL
- Tools/Platforms:** Git, VS Code, Figma, Docker, AWS
- Databases:** SQL, MongoDB, SQLite
- System Engineering:** Linux System Administration, Network Configuration, Docker, Firewall Management
- Soft Skills:** Problem-Solving, Team Collaboration, Communication, Time Management, Adaptability, Analytical Thinking, Attention to Detail, Initiative

PROJECT/OPEN-SOURCE

Sales Prediction Machine Learning Model | [GitHub Link](#)

Technologies: Next.js, typescript, tailwindcss, Node.js, python

Developed a machine learning model to forecast retail sales using historical data, empowering business owners,

inventory planners, admins, and sales personnel. Utilized regression and time-series algorithms to predict sales trends with high accuracy ($R^2 \sim 0.94$). Deployed a Flask-based web app for real-time forecasting, enabling stakeholders to optimize inventory, streamline operations, and enhance sales strategies.

School Management System | GitHub [Link](#)

Technologies: typescript, nextjs, Node.js

Developed a comprehensive school management system to streamline operations for admins, teachers, and students. Implemented features for attendance tracking, grade management, and timetable scheduling. Built a secure, user-friendly interface with Node.js for backend logic and React for dynamic frontend interactions. Enabled admins to manage data efficiently and teachers to monitor student progress.

CERTIFICATIONS

- Huawei Certified ICT Associate - Datacom (HCIA-Datacom), July 24, 2023
- Cisco Certified Network Associate (CCNA), August 02, 2024
- Certificate of Achievement as Frontend Developer, Ozone Tech, October 2024
- Dereja Academy Accelerator Program (DAAP), Dereja.com/MasterCard Foundation, May 2025
